

DAILY EVENING BULLETIN.

THURSDAY EVE., MAY 25, 1882.

TERMS:—The EVENING BULLETIN is published daily, and served free of postage at 6 cents per week; 25 cents per month; 75 cents per three months; \$1.50 per six months, and \$3 per year, payable in advance.

THE EVENING BULLETIN HAS A LARGER CIRCULATION IN THIS CITY, CHESTER AND ABERDEEN, OHIO, THAN ANY OTHER PAPER PUBLISHED IN MAYSVILLE.

Snow storms prevailed at Chicago and other sections of the northwest on the 23d inst. Four inches of snow were reported in some sections.

DAKOTA will not be a State, for some time yet at least. A bill admitting it into the Union was brought up in the Senate on the 23d inst., but was objected to, and laid aside.

THE Postmaster General has recommended the abolishment of postage on second class matter, (papers and magazines). In his letter, he says fourth-class matter, (merchandise), is carried at a loss to the government, and if the government is to be taxed for either class, it should be for the 2nd class.

It is reported that a large number of emigrants from New castle, on Tyne, England, will locate in Kentucky this season. They are an industrious and desirable class of people. Their locating in this state is a result of the industrious efforts of the state Bureau of Immigration.

THE House of Representatives is still struggling over the contested election case of Mackey vs Dibble. They are a long while deciding this small matter, and wasting valuable time; but who cares? Each member draws his five hundred dollars a month "allege samee," work or play.

REPORTS from Tennessee, indicate an unusually rich harvest. Much of the wheat has already been harvested. The crop will be 50 per cent. over the average. The corn crop is doing well, though a little backward from the late cool weather. From Indiana come similar reports of excellent crop prospects. The indications now in the southern section of that state give promise of the best apple and peach crops ever grown in that region. Reports indicate a rich harvest throughout most of the country.

THE authorities at Cincinnati have certainly taken one good step towards stamping out that dreaded scourge, the small-pox, viz: The establishment of a vaccine farm, near the city limits. Four healthy heifers were inoculated a week or ten days ago, and since last Monday, (22nd inst.,) the Health Department has been supplied with pure and fresh animal virus. All the poor of that city are to be vaccinated gratuitously by the District Physicians. Let us hope they will soon succeed in gaining control of this most dreaded disease.

HENRY and Jacobs, the contestants in the race for clerk of the court of the appeals held a joint meeting at Hartford, on the 22nd inst. We learn from the Louisville Commercial that Col. Jacob's speech was an earnest, intense effort. Now, it's our candid opinion that the colonel will have to make several "intense efforts," before he succeeds in defeating his opponent. Henry made a "pleasant and explanatory speech, denying the charge of obscenity in the presence of ladies." If Henry would do the right thing, he should prove the falsity of such a charge, or else retire from the race. This, we believe, is the honest opinion of a majority of democratic readers. The present outlook, however, indicates that it will have to be Henry or Jacobs.

BATCHELDER'S

Ventilated Egg Case.

Patented February 15, 1881.

Indispensable to Merchants Shippers And Producers.

The outside frame of this carrier contains five trays, held in place by fasteners at end of case, as seen in cut. These Trays are constructed in reversible halves. The above cut shows one whole tray filled ready to be placed in case, each egg resting in its cardboard socket in such a manner as to be readily counted, candled, or transferred from tray to tray, or case to case, without rehandling.

For cold storage this case will store 60 dozen with racks made to receive the half trays, hence this is the cheapest storage case manufactured, saving largely in space.

The manner of holding the eggs on end prevents oscillation, adding, or breakage, and adds greatly to their freshness when carried long in storage. Size of 30 dozen No. 1 cases 25x12x14, weighs 20 pounds.

PRICES IN CHICAGO.

Shipper's No. 1, 30 doz. Case with Fillers complete. 65 Cents. Farmer's No. 1, 18 doz. Case with Fillers complete. 55 Cents.

Cardboard Fillers for re-filling 20 Cents. 15 per cent. discount on lots of 100 cases.

Batchelder's Egg Tester, testing 6 doz. at once, saves to buyers many times its cost each season. Price \$3.00.

By special arrangements made by the manufacturers of this case most Railroads will receive them as fourth class freight.

The 18 dozen case made especially for Farmers' use, sent to any address by express, with out nailing, with full directions for setting up, on receipt of 50 cents. Every Farmer and consumer should have one of these cases, it will save its cost every month. Agents wanted in every county. Address,

J. H. BATCHELDER,

(In ordering mention this paper.) J25-5md&w 69 South Water St., Chicago.
